

# **LDDS System Test Plan**

**( May 16, 2026 )**

## **I. Scheme Overview**

To facilitate relevant business testing , our company will organize a full-network test of the LDDS system in conjunction with upstream related businesses on May 16 , 2026 (Saturday) from 9:00 to 14:00 .

## **II. Participating Units**

- 1.SSE Info Ltd.
2. Level-2 Data vendors and securities firms directly interfacing with LDDS.

## **III. Test Content**

The LDDS system production environment sends Level-2 market data (auction, bond , and composite ), Level-1 market data (auction, bond , and composite ), and Hong Kong Stock Connect market data .

This test requires all units to verify the reception and processing of Level-2, Level-1, and Hong Kong Stock Connect market data on each line of the L DDS system .

## **IV. Test Feedback Content**

1. Static file reception and processing are normal ( cpxx , f jy series files );

2. Level-2 market data reception and processing status;
3. Level-1 market data reception and processing status;
4. Status of receiving and processing Hong Kong Stock Connect market data ( if authorized ) ;
5. The system has recovered normally.

## V. Test Schedule

The test will be conducted from 9:00 AM to 2:00 PM on May 16 , 2026 .

The testing schedule is as follows:

		<b>Auction Quotes</b>		<b>Comprehensive business information</b>

## **VI. Test Data**

In this test, the LDDS system production environment used the data from the end-of-day processing of all securities in the Shanghai Stock Exchange on May 15, 2026 ( Friday) as the starting data for the test.

## **VII. Test Requirements**

1. All participating information providers must ensure the protection of their production system environment before testing and restore the environment after testing. Test data must not be released to the public.

2. During the testing process, all participating information providers should record the test phenomena and results in detail and check their accuracy. If any abnormalities are found, please report them promptly.

3. After the test is completed, each participating information provider should submit test feedback in a timely manner.
