LDDS System Test Plan

(August 15 , 2026)

I. Scheme Overview

To facilitate relevant business testing , our company will organize a full-network test of the LDDS system in conjunction with upstream related businesses on August 15 , 2026 (Saturday) from 9:00 to 12:00 .

II. Participating Units

1. SSE InfoNet Ltd.

2. Level-2 directly connected information vendors and securities firms.

III. Test Content

The LDDS system production environment sends Level-2 market data (auction, bond, and comprehensive business), Level-1 market data (auction, bond, and comprehensive business) and options market data.

This test requires all units to verify the reception and processing of Level-2, Level-1 and options data in the LDDS system.

IV. Test Feedback Content

1. Static file reception and processing are normal (cpxx , fjy series files);

2. Level-2 market data reception and processing status;

3. Level-1 market data reception and processing status;

4. Status of receiving and processing option market data (if authorized);

5. The system has recovered normally.

V. Test Schedule

The test will be conducted from 9:00 to 12:00 on August 15, 2026.

The testing schedule is as follows:

	Auction Quotes		**Comprehensive business information**	
1	9:15-9:25	Opening call auction	9:15-9:25	Opening call auction
2	9:30-10:30	Continuous call auction	9:30-10:30	Continuous call auction

4	11:27-11:30	Closing call auction
5	11:30-12:00	Related business processing (exercise of options , etc.)

VI. Test Data

In this test, the LDDS system production environment used the data from the end-of-day processing of all securities in the Shanghai Stock Exchange on August 14, 2026 (Friday) as the starting data for the test.

VII . Test Requirements

1. All participating information providers must ensure the protection of their production system environment before testing and restore the environment after testing. Test data must not be released to the public.

2. During the testing process, all participating information providers should record the test phenomena and results in detail and check their accuracy. If any abnormalities are found, please report them promptly.

3. After the test is completed, each participating information provider should submit test feedback in a timely manner.

4. Participating units must submit test feedback before 12:30 on August 15 to: https://form.idata.com.hk/single/LjEFMLUJ
