LDDS System Test Plan
(October 6, 2026)

I. Scheme Overview

To ensure the normal operation of the market data system after the holiday, our company will organize a full network connectivity test of the LDDS system from 9:00 to 12:00 on October 6, 2026 (Tuesday).

II. Participating Units

1. SSE InfoNet Ltd.
2. Level-2 direct connection to information providers and securities firms.

III. Test Content

The LDDS system production environment sends Level-2 market data (auction, bond, and comprehensive markets), Level-1 market data (auction, bond, and comprehensive markets), and options market data.

Participating users need to receive, process, and verify Level - 2 market data, Level -1 market data, and options market data.

IV. Test Feedback Content

1. Static file reception and processing are normal (such as cpxx and fjy series files);
2. Level-2 market data reception and processing status;
3. Level-1 market data reception and processing status;

4. Status of receiving and processing option market data (if authorized);
5. The system has recovered normally.

V. Test Schedule

The test will be conducted from 9:00 to 12:00 on October 6, 2026.

The testing schedule is as follows:

	Auction Quotes		**Comprehensive business information**	
1	9:15-9:25	Opening call auction	9:15-9:25	Call auction

CHINA INVESTMENT INFORMATION SERVICES LTD.

VI. Test Data

Used the data after the end-of-day processing of all securities in the Shanghai Stock Exchange on September 30, 2026 (Wednesday) as the starting data for the test.

VII. Test Requirements

1. All participating information providers must ensure the protection of their production system environment before testing and restore the environment after testing. Test data must not be released to the public.
2. During the testing process, all participating information providers should record the test phenomena and results in detail and check their accuracy. If any abnormalities are found, please report them promptly.
3. After the test is completed, each participating information provider should submit test feedback in a timely manner.
