LDDS System Test Plan

(November 7,2026)

I. Scheme Overview

To facilitate the optimization and launch of upstream related systems, our company will organize an LDDS system clearance test on November 7, 2026 (Saturday) from 9:00 to 12:00. All Level-2 license users are required to attach great importance to this test and participate on time.

II. Participating Units

1. SSE InfoNet Ltd.

2. Level-2 directly connected information vendors and securities firms.

III. Test Content

Level-2 market data (auction,bond,and comprehensive bussiness), Level-1 market data (auction, bond, and comprehensive bussiness), options market data, and fixed income market data are sent through the LDDS system production environment.

1.**In conjunction with upstream related systems, optimize and adjust customs clearance testing**

Receiving, processing, and verifying pre-market static files, Level -

2 market data, Level-1 market data, options market data, and fixed-income market data.

IV. Test Feedback Content

1. Static file reception and processing before disk access is normal (including cpxx, fjy, etc.);

2. Level-2 market data reception and processing status;

3. Level-1 market data reception and processing status;

4. Status of receiving and processing option market data (if authorized);

5. Status of receiving and processing fixed-income market data (if authorized);

6. The system has recovered normally.

VI. Test Data

In this test, the LDDS system production environment used the data from the end-of-day processing of all securities in the Shanghai Stock Exchange on November 6, 2026 (Friday) as the starting data for the test.

VII. Test Requirements

1. All participating information vendors must ensure the protection of their production system environment before testing and

restore the environment after testing. Test data must not be released to the public.

2. During the testing process, all participating information vendors should record the test phenomena and results in detail and check their accuracy. If any abnormalities are found, please report them promptly.

3. After the test is completed, all participating business personnel must submit test feedback carefully and promptly.

4. Participating units must submit test feedback before 12:30 on November 7 to: https://form.idata.com.hk/single/u7wZEsAQ
